

TFC PARENT REPORT ON YOUTH

(Due for each Individualized Treatment Plan Meeting)

Instructions: Please prepare a written report about the foster youth and preferably submit it to the child's TFC therapist one week prior to the staffing. If this is not possible due to a late scheduled meeting, please bring it to the ITP. Feel free to use copies of this form and hand-write your responses.

The reports should cover the entire three-month period and include strengths the child has shown in each area first. Please give brief examples to illustrate your points under each of the headings. Make sure you document any behavior changes or patterns of behavior you have seen.

OUTLINE:

1. *Home life:* include child's attitude, interaction with foster family, compliance with chores and household rules, involvement with foster family activities, etc.
2. *Peer interactions:* include social activities, ability to make and maintain friends.
3. *Biological family interactions:* include telephone calls. Visits, behavior before and after contact.
4. *Medical issues:* include overall physical health, accidents, medications and compliance, last physical, dental, and vision appointments.
5. *Education/Vocation:* include school attendance, homework completion, academic performance, behavior in school, attitude toward learning and teachers; attitude toward job related duties.
6. *Unusual occurrences:* include description of events, intervention, and outcome (usually these are emergencies that require a call to the pager)
7. *Other concerns:* Any other issues you believe should be addressed.
